The Main Old Building of TU Braunschweig
Das Altbäude der TU Braunschweig

Summer Schools are a great opportunity to combine theoretical knowledge with exciting practical experience. Together with students from all over the world, you can learn German, make new contacts and experience German history and culture at TU Braunschweig's Summer School courses.

Braunschweig is located in the state of Lower-Saxony in the northern part of Germany and was founded more than 1000 years ago. For many centuries, the city was an important trading and cultural center in northern Germany. You can still stroll through medieval streets and discover many historic buildings in the city. Today, Braunschweig has about 250,000 inhabitants. The region is known for its particularly high level of investment in research and development: Many national research institutes and 250 companies in the high-tech sector make it one of the strongest research regions in the whole of Europe.

The Technische Universität Braunschweig looks back on a history of almost 300 years and thus has the longest tradition among universities of technology in Germany.

It is part of the TU9 network, the alliance of the nine leading institutes of technology in Germany.

In our summer course on German Language and Culture you will learn German in small groups at two different language levels (A1 and A2/B1 – according to the Common European Framework of Reference for Languages). You will have six lessons on each of the five weekdays, during which you will improve your grammar, pronunciation and vocabulary. You will also learn a lot about German culture, history and the region surrounding Braunschweig.

Classes will be accompanied by an extensive social programme. We will visit historic towns, museums and regional companies, such as Volkswagen and Jägermeister. We will see some of TU Braunschweig's research facilities and learn about innovative research projects. During field trips you will get more familiar with the nature and culture of the region. Fun activities and enough free time to explore Braunschweig on your own round off our programme.

Impressions of our last Summer Schools

Visit to the Institute for Structural Design

Visit to the Roder gallery in Goslar

Visit of the Brandenburger Tor in Berlin

All about cars: the Autostadt in Wolfsburg

Guided city tour through Braunschweig

Hands-on at the Research Airport

Scholarships

To foster intercultural exchange and the internalization of the region, the Lower Saxony Ministry of Science and Culture grants scholarships to student participants from the State's international partner regions. If you are a student from the Eastern Cape Province (South Africa), Tanzania, the Netherlands, Wielkopolska Voivodeship or Lower Silesia Voivodeship (Poland), the Normandy region (France), the Provinces of Anhui or Shandong (People's Republic of China), the Perm Krai or the Tyumen Oblast (Russian Federation) or the Tokushima Prefecture (Japan), please feel free to apply for one of our scholarships.

The scholarships comprise:

- Accommodation at a host family / shared apartment
- Course tuition and learning material
- Welcome package
- Free WiFi on campus
- Social programme
- Braunschweig bus ticket for the duration of the programme
- Food allowance

Not included are:

- Travel expenses to/from Braunschweig
- Visa expenses
- Health and liability insurance for the duration of the programme
- Any additional personal expenses

Your application should include:

- Application form (available on our website)
- Your CV (in German or English)
- Motivation letter (in German or English)
- Transcript of records of your current study programme
- Proof of enrollment at a University in a partner region
- Proof of German level (if applicable)
- List of German courses you have taken (if any)

Any questions or doubts? Just get in touch!
